

Name: Sean

Age: 9

My favorite things:

I like to be outdoors. I enjoy sports like basketball, soccer, and baseball. I enjoy pets like dogs. I like to build things. I like to watch others play sports.

Things I do not like:

I am a picky eater but am starting to try new things. I struggle around adults who I do not trust. I don't like being around adults who smoke and drink.

Favorite foods:

Chicken nuggets are the best.

What I want in a family:

Reassurance that I am loved, predictability, knowing what is going to happen next. I want to know I will be safe. I like routines.

What I want families to know about me:

I can be quiet at first but will open up if you give me time. I really want to have fun being outdoors and having friends.

What we want families to know about the youth: Will do best in a home with children that are older than him or where he is an only child. An understanding of childhood trauma. Sean will need parents who have patience. Having structure and routine can really make a difference. It will be important to build a trusting relationship so he can tell his story.
