

Zeke, 13 Years Old

My favorite things:

I like the color green. I like to play video games. I also like being outdoors for the most part. I enjoy swimming. I like basketball, soccer, and football. My favorite team is the Lakers. I also like cats and dogs.

Things I do not like:

I don't really like vegetables. Not a fan of nachos or octopus. I don't like people who are intense. People who are rude and disrespectful. Mean people or bullies who pick on me.

Favorite foods:

Love McDonalds, Oreo Flurries, Pizza, Chicken and Fried Rice, Tater Tots and Fries. I like some fish.

What I want in a family:

A family that understands me and one that will be active with me.

What I want families to know about me:

I have a sense of humor. I like to be outside but don't like mosquitos or ticks! I'm starting to like cooking and want to learn more about it.

What we want families to know about the youth:

Zeke is active and we are looking for a family that is active and will allow him to get his energy out. Organized sports might be very beneficial for him. Need a family with a sense of humor. Let Zeke be the comedian who he is. Use his humor and laugh with him while also setting some firm boundaries. Family should have an understanding of childhood trauma.

For further information about child, contact:
