

## Our Online Business Filing System is Changing

### What's happening?

In December 2024, we're upgrading our Online Business Filing System. The new system is streamlined and user-friendly.

As part of this upgrade, **the current system will not be available after close of business on Tuesday, December 10.**

The new and improved Online Business Filing System will be "*open for business*" on Monday, December 16.

December 2024						
Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
8	9	10	11	12	13	14
15	16	17	18	19	20	21

### What impact does this have on my business records?

- We will retain all official filings that are currently in the records of the Vermont Secretary of State's Office.
- Your user profile, and any associated data, **will not transfer** to our new system.

### What do I need to do?

- **You must copy and save any other records/data associated with your user profile** (e.g. correspondence, receipts, transaction history) if you wish to retain them.
- **You will need to make a new account** on or after December 16. Your existing account will not be available after December 10. Making a new account is easy - you'll just need an email address or phone number to get started.

***We look forward to welcoming you to our new and improved  
Online Business Filing System!***
