Campaign Finance Transparency Report

Summary of October 15, 2026 Disclosures

Vermont's campaign finance law recognizes that transparency is vital to democracy. Vermonters deserve to know who is spending money to influence our elections. They deserve to know how candidates and committees spend campaign funds.

State law requires candidates for certain offices to register with the Secretary of State's Campaign Finance System. The relevant offices are all non-federal statewide, general assembly, and county offices. Candidates must complete this registration prior to filing paperwork to appear on a Vermont primary or general election ballot. 17 V.S.A. § 2921.

Compliance with Registration and Filing Requirements

Of 416 candidates on the general election ballot, 406 (98%) complied with the campaign finance registration requirement. By office, compliance rates range from 92% for county office to 100% for statewide office (Figure 1).

After registering in the system, state law also requires candidates to disclose campaign activity at specified intervals. An exception allows low-activity campaigns (less than $500 raised or spent in the cycle with no funds rolling over between cycles) to simply sign an affidavit that they are not required to disclose activity. Of 454 registered candidates (including those who lost in primary), 288 (63%) complied with the requirement to file a report or affidavit for the October 15 disclosure (Figures 2, 3). State senate candidates have the highest compliance rate (75%). Candidates for county office have the lowest rate (36%).

Filing rates ticked up slightly compared to the same period in 2024. Of candidates on the General Election ballot, 52% of statewide candidates met the October 15 requirement, compared to 50% in 2024. 73% of General Assembly candidates did so this year, compared to 69% in 2024. County office filing showed the biggest jump, from 0% at the October 15, 2024, deadline to 34% this year. One notable difference, however, is that high bailiff was the only county office on the ballot in 2024.

The lists of candidates below are derived from two publicly accessible datasets on the Vermont Secretary of State's website. The first is a report of candidates who filed a October 15 campaign finance disclosure by October 25, 2026. The second is a report of candidates who are on the General Election ballot. These candidates were required to register in the Campaign Finance System and submit an October 15 disclosure or affidavit.

Other Campaign Finance Reports

In addition to on-ballot candidate filings, former candidates, political party committees, and political action committees (PACs) also submit disclosure reports. As of today's report, **39 party committees** and **67 PACs**

had submitted October 15 disclosures.

Beyond disclosures, “expenditures for any one mass media activity totaling $500.00 or more, adjusted for inflation” that occur within 45 days of an election must be reported. 17 V.S.A. § 2971. Mass media activities include television commercials, radio commercials, mass mailings, mass electronic or digital communications, literature drops, newspaper and periodical advertisements, robotic phone calls, and telephone banks which include the name or likeness of a clearly identified candidate for office. 17 V.S.A. §2901. Over the course of the 2024 cycle, candidates, parties, and political action committees reported 580 mass media activities. **So far in 2026, they have filed 524.**
