

Vermont 2024 Candidates and Campaign Finance

Summary of Final Filings

The table below is based on a comparison of two publicly accessible datasets on the Vermont Secretary of State's website. The first is a report of candidates who ran in the 2024 Statewide Primary and/or General Election for state office, General Assembly, or county office. The second is a report of candidates who have filed final reports and under threshold reports for the 2024 election cycle. Both reports were run at 8am on December 23, 2024.

The scope of this report includes state office, General Assembly, and county office. If a candidate filed to run for one of these offices, they appear in the table below. Candidate names appear as they appeared on the 2024 Statewide Primary and/or General Election ballots.

Per state law, candidates who "rolled over any amount of surplus into his or her new campaign or... made expenditures or accepted contributions of \$500.00 or more during the two-year general election cycle" ([17 V.S.A. § 2964](#)) are required to file "a 'final report' that lists a complete accounting of all contributions and expenditures since the last report and liquidation of surplus and that shall constitute the termination of his or her campaign activities" ([17 V.S.A. § 2965](#)).

In addition, candidates who were not required to file a final report needed to file an under threshold report ten days following the general election, or November 15 ([17 V.S.A. § 2966](#)).

Up-to-date filings and more information are available on the Secretary of State's website at <http://sos.vermont.gov/>.
