OPR:

Received from Department of Labor (beginning FY19) for \$450K, over three years:

The grant supports Vermont's analysis of relevant licensing criteria, potential portability issues, and whether licensing requirements are overly broad or burdensome. Excessive licensing can create economic barriers for job seekers including veterans, military personnel and their families.

VSARA:

Received from National Historical Publications & Records for \$80K, over two years:

This grant improves public access to, and engagement with, Vermont historical records and encourage and facilitate collaborative efforts among Vermont historical records repositories.
