Order Reinstating License with Conditions

On December 12, 2016, the Vermont Board of Nursing considered Deidre A. Arguin's request for reinstatement of her license as a Licensed Practical Nurse. The investigative team found that Deidre A. Arguin has satisfied all four prerequisites for reinstatement of the license set by the Board's Order of November 18, 2013. The prerequisites include an independent evaluation report by a pre-approved evaluator; a finding by the evaluator that Ms. Arguin does not present a risk to the safety, health, or welfare of her potential patients; a random urine analysis by a pre-approved provider; and a negative result for the analysis for non-prescribed drugs. The State does not object to reinstatement of Deidre A. Arguin's license with conditions.

The Board hereby reinstates Deidre A. Arguin's Licensed Practical Nurse license with the conditions set by the Board's Order of November 18, 2013.

So Ordered.
