Docket No: NU19-0905

STIPULATION AND CONSENT ORDER

NOW COMES the State of Vermont, through State Prosecuting Attorney, Edward G. Adrian, and the Respondent, Clayre A. Bariteau, R.N., who stipulate and agree as follows:

Board Authority

1. The Vermont State Board of Nursing ("the Board") has authority to issue warnings or reprimands, suspend, revoke, limit, condition current licenses, or prevent the renewal of lapsed licenses if, after disciplinary hearing, the Board finds that the Respondent has engaged in unprofessional conduct. 3 V.S.A. §129(a); 3 V.S.A. 129a; 3 V.S.A. §814(d); 26 V.S.A. §1582; the Administrative Rules of the Board of Nursing ("ARBN"); and the Rules of the Office of Professional Regulation.

Statement of Facts

2. The Respondent, Clayre A. Bariteau, is licensed in the State of Vermont as a registered nurse holding license number 026-0028257. This license was originally issued on or about May 16, 2003 and is currently set to expire on March 31, 2009.

3. At all times relevant, the Respondent was employed as a registered nurse at Central Vermont Medical Center (the "Facility") located in Barre, Vermont.

4. Respondent was terminated from her employment at the Facility on or about the week of September 12, 2005 due to major medication errors made by the Respondent.

5. The first error the Respondent made occurred on or about November 30, 2003. On that day, the Respondent entered a patient's room and discovered what the Respondent believed to be the patient's intravenous (IV) tubing had become disconnected. The Respondent reconnected the tubing to the patient at the peripheral IV entry site. The Respondent immediately reported what she had done to her charge nurse, L.T. After checking the tubing, L.T. advised the Respondent that the tubing was not for an IV medication, but instead was for a femoral catheter carrying a femoral nerve block.

6. The second error the Respondent made occurred on or about May 29, 2005. On that day, the Respondent noticed that while she was changing a catheter bag, the alarm went off indicating that something was wrong. The Respondent discovered that there was air in the line and attempted to flush the air bubble by increasing the TPN rate from 40ml/hr to 200ml/hr.

Respondent failed to reset the TPN to its original rate of 40ml/hr. The error was discovered by the nurse who took over the Respondent's assignment approximately three hours later.

Charges

7. The acts, omissions and/or circumstances described above constitute grounds for discipline because the Respondent has committed unprofessional conduct in violation of:

(i) 26 V.S.A. § 1582(a)(3) (is unable to practice nursing competently by reason of any cause) which includes performing unsafe or unacceptable patient care pursuant to ARBN Chapter 4, Rule IV(II)(B)(1); failing to conform to the essential standards of acceptable and prevailing nursing practice pursuant to ARBN Chapter 4, Rule IV(II)(B)(2);

(ii) 3 V.S.A. §129a(a)(3) (failing to comply with the provisions of state statutes or rules governing the practice of the profession).

Understandings

8. Respondent understands that the Nursing Board must review and accept the terms of the Consent Order. If the Board rejects any portion, the entire Stipulation and Consent Order shall be null and void.

9. Respondent specifically waives any claims that any disclosures made to the full Board during its review of this agreement have prejudiced her rights to a fair and impartial hearing in future hearings if this agreement is not accepted by the Board.

10. Respondent has read and reviewed this entire document and agrees that it contains the entire agreement between the parties.

11. Respondent is not under the influence of any drugs or alcohol at the time she signs this Stipulation and Consent Order.

12. Respondent voluntarily enters into this agreement after the opportunity to consult with legal counsel and is not being coerced by anyone into signing this Stipulation and Consent Order.

13. Respondent voluntarily waives her right to a contested hearing before the Board of Nursing and waives any right to appeal from this Stipulation and Consent Order.

14. Respondent agrees that the Order set forth below may be entered by the Board.

ORDER

Based upon the stipulation above, it is **ORDERED AND ADJUDGED** as follows:

A. The Respondent's license will be **CONDITIONED FOR SIX (6) MONTHS** from the **date of entry below**. The conditions are as follows:

(1) Re-issue of License.

Upon the imposition of these conditions, Respondent shall be issued a license labeled "conditioned".

(2) Length of Time Conditions Imposed.

The conditions shall remain in place until Respondent has completed all conditions ordered. Respondent shall be subject to the conditions until Respondent completes **six (6) months** of supervised nursing practice in which she works at least forty (40) hours every two (2) weeks as a nurse. Part time hours of less than forty (40) hours every two (2) weeks shall be credited on a prorated basis. The Respondent shall be prohibited from working more than fifty (50) hours per week during the conditioned period.

(3) Notification to Employers/Nursing School.

Respondent shall provide a copy of this Stipulation and Consent Order to all employers in any current or future setting during the conditioned period in which Respondent practices as a nurse and inform them of Respondent's conditional license status.

Within ten (10) days of the date of entry of this Consent Order or of any subsequent nursing employment, Respondent shall cause Respondent's immediate supervisor to write to the Board, on the employer's letterhead, acknowledging receipt of the Stipulation and Consent Order and the ability to comply with the conditions in the Consent Order.

In the event Respondent is attending a nursing program which has a clinical portion which involves actual patient care, she shall provide a copy of the Stipulation and Consent Order to the Program Director. Respondent shall cause the Program Director to write to the Board, on school letterhead, acknowledging receipt of the Stipulation and Consent Order and ability of the program to comply with its conditions during clinical experience.

(4) Reports from Employers.

Within one (1) month of the date of entry of this Order and **monthly** thereafter, Respondent shall cause every nursing employer Respondent has worked for during the relevant time period to submit to the Board an evaluation of Respondent's performance and attendance during that time period. This report shall be submitted in writing on forms issued by the Board.

In the event the Respondent is attending a nursing program, Respondent shall cause the Program Director to submit to the Board, on a monthly basis, a written evaluation of her performance and attendance. This report shall be submitted in writing on forms issued by the Board and accompanied by a cover letter on the school's letterhead.

(5) Practice Under Supervision.

Respondent shall practice only in a nursing setting where Respondent has on-site supervision for the entire shift by a registered nurse who is licensed and in good standing with the Board.

(6) Types of Employment Prohibited.

Respondent shall not work as a supervising nurse. Respondent shall not work for a nurse registry, traveling nurse agency, float-pool, home health care agency, temporary nursing employment agency, or as a personal care provider during the effective period of this Consent Order.

(7) Out of State Practice/Residence.

Before any out-of-state practice or residence can be credited toward fulfillment of these terms and conditions, Respondent shall first obtain approval from the Board prior to Respondent leaving the State of Vermont. If Respondent fails to receive such approval before leaving the State, none of the time spent out-of-state will be credited toward the fulfillment of the terms and conditions of this Consent Order. The Board will approve out-of-state practice so long as the Respondent can still comply with the provisions of this Consent Order.

(8) Notification of Place of Employment/ Personal Address/Telephone Number.

Within five (5) days of the date of entry of this Order, Respondent shall notify the Board, in writing, of her current place of employment, personal address, and telephone number. Respondent shall further notify the Board, in writing, within forty-eight (48) hours of any change in employment, personal address, or telephone number.

(9) License Renewal.

If the Respondent's license expires while this Order is still in effect, this Order does not automatically extend the license. In that situation, in order to continue to practice nursing, the Respondent must timely apply for renewal, pay the applicable fee and demonstrate that she has otherwise complied with the requirements for license renewal.

(10) Costs.

The Respondent shall bear all costs of complying with this Consent Order.

(11) Violation of this Order.

If the Respondent violates the terms of this Order in any respect, the Board, after giving the Respondent notice and an opportunity to be heard, may rescind or modify this Order and impose additional appropriate disciplinary actions. If a complaint of unprofessional conduct is made against the Respondent during the term of this Order, this Order shall be automatically extended until the unprofessional conduct matter is concluded.

(12) Completion of Conditional License Period.

After the conditional license period, the Respondent may petition the Board to remove any and all conditions on her license. The Respondent must present proof that she has fully complied with the terms of this Order.

B. Notwithstanding any provision above, the Respondent must continue to meet all Nursing Board requirements for maintaining a license, license renewal, and license reinstatement.

C. This Stipulation and Consent Order is a matter of public record and may be reported to other licensing authorities as provided in 3 V.S.A. §129(a).

D. This Stipulation and Consent Order will remain part of Respondent's licensing file and may be used for purposes of determining sanctions in any future disciplinary matter.
