STIPULATION AND CONSENT ORDER

STIPULATION

NOW COME the State of Vermont, by and through State Prosecuting Attorney S. Lauren Hibbert, and the Respondent, Kelly Breeyear, ~~PN~~ ^{LPN} who stipulate and agree as follows:

Board Authority

1. The Vermont State Board of Nursing (the "Board") has authority to issue warnings or reprimands; suspend, revoke, limit, or condition current licenses; or prevent the renewal of lapsed licenses if, after disciplinary hearing, the Board finds that the Respondent has engaged in unprofessional conduct. 3 V.S.A. § 129(a); 3 V.S.A. § 129a; 3 V.S.A. § 814(d); 26 V.S.A. § 1582; the Administrative Rules of the Board of Nursing (the "ARBN"); and the Rules of the Office of Professional Regulation.

Statement of Facts

2. Kelly Breeyear (the "Respondent") of Essex Junction, Vermont is licensed by the State of Vermont as a Licensed Practical Nurse under license number 025.0008100. This license was originally issued on or about August 20, 2001 and expires on January 31, 2012.
3. At all times relevant, Respondent was employed as a Licensed Practical Nurse at Starr Farm Nursing Center (the "Facility") which is located in Burlington, Vermont.
4. On or about September 27, 2010, the Office of Professional Regulation received a Statement of Complaint stating that on or about September 15, 2010, the Respondent did not follow physician's orders and gave a resident two times the recommended amount of Xanax. The Statement of Complaint additionally stated that the Respondent attempted to alter the patient's records by changing the times she gave the medication.
5. On December 6, 2010, in an interview with State Investigator Laura Pezzulo Registered Nurse S.C-H., who is the Director of Nursing, stated that the Respondent was responsible for the care of resident E.C. on or about September 15, 2010.

Additionally, S.C-H. stated that E.C. had an order to take 1mg of Xanax at eight thirty, which was an hour before her doctor's appointment, and if she had not calmed down she was to receive another 1 mg of Xanax before she left the facility.

6. On December 6, 2010, in an interview with Laura Pezzulo, S.C-H. stated that the following occurred on or about September 15, 2010:
 - a. The Respondent gave E.C. 2 mg of Xanax at approximately seven forty five, and documented the distribution on the Controlled Drug Record;
 - b. E.C. was taken to the dining room by a LNA and then she became unresponsive so a LNA brought her to the nurses station for care;
 - c. At the nursing station Registered Nurse L.B. cared for E.C. and L.B.'s notes indicate that E.C. was unresponsive, her blood pressure was unobtainable, her respiratory rate was 24, her pulse was 84 and she did not respond to a sternal rub;
 - d. E.C. was transferred to Fletcher Allen Health Care via ambulance where she was admitted for three days;
 - e. At approximately nine o'clock S.C-H. was informed of Respondent's medication error and she met with the Respondent who was "a wreck" and admitted she administered 2 mg at the same time and that she then altered times of the dose on E.C.'s medical chart after she learned E.C. went unresponsive; and,
 - f. While S.C-H. was meeting with the Respondent she stated that she forgot to tell Registered Nurse J.M-M., who took over for her on the medication cart, that she had administered insulin to resident R.R. nor did she document giving it in the medication record, as a result of this R.R. received two doses of insulin.
7. On or about January 4, 2011, in an interview with State Investigator Laura Pezzulo, the Respondent admitted that she did administer 2 mg of Xanax and that she disobeyed doctor's orders because it was her opinion that E.C. needed 2 mg instead of 1 mg. Additionally, the Respondent admitted she failed to record R.R.'s insulin on the MAR as she should have.
8. Respondent has committed unprofessional conduct because when she did not follow a doctor's order and gave 2 mg of Xanax to a patient she performed unacceptable and unsafe patient care; when she did not properly document the administration of insulin she did not conform to essential standards of suitable care; when she altered a patient's medical records she engaged in conduct of a character likely to deceive, defraud or harm the public; and she therefore, failed to comply with the rules governing the practice of profession.
