Board Authority

1. The Vermont Board of Nursing (the "Board") has authority to issue warnings or reprimands; suspend, revoke, limit, or condition current licenses; or prevent the renewal of lapsed licenses if, after disciplinary hearing, the Board finds that the Respondent has engaged in unprofessional conduct. 3 V.S.A. § 129(a); 3 V.S.A. § 129a; 3 V.S.A. § 814(d); 26 V.S.A. § 1582; the Administrative Rules of the Board of Nursing ("ARBN"); and the Rules of the Office of Professional Regulation.

7. On or about June 2, 2008, the Board received an independent evaluation of the Respondent performed by licensed alcohol and drug counselor Christopher Wesolowski, dated May 29, 2008. In his evaluation, Mr. Wesolowski advised that he feels the Respondent is at a low risk for resuming the use of illegal substances, and that the Respondent's opiate abuse is in full sustained remission. Moreover, Mr. Wesolowski advised that since the Respondent's drug abuse and diversion happened over seven (7) years ago and Respondent has had no other documented or reported problems with substances, Mr. Wesolowski does not feel there is a need for any treatment or intervention. Mr. Wesolowski recommended that the Respondent have his practical nursing license reinstated; however, Mr. Wesolowski recommended that the Respondent be placed in a practical nursing role where there is a low risk of encountering controlled substances.
8. On or about August 4, 2008 in a letter to Board Administrator Elizabeth Hansen, Mr. Wesolowski indicated that if the Board would like Respondent to engage in supportive counseling while Respondent is transitioning back into practice, Mr. Wesolowski would be supportive of this requirement.

(13) Administration of Medications.

Respondent is prohibited from administering any controlled substances. This condition may be removed only by the Respondent filing a petition with the Board after he has worked as a practical nurse for twelve (12) weeks for at least forty (40) hours every two weeks (or the part time equivalent) after the date of reinstatement.

any such petition, the Respondent must include appropriate support from his treating professional, if applicable, and employer or nursing school administrator and a description of the documentation and inventory control procedures in place.

The removal of this prohibition shall not automatically result in the reinstatement of all medication privileges. The Board may gradually restore those privileges through whatever intermediary steps it determines are appropriate.

(14) Types of Employment Prohibited.

Respondent shall not work in a supervisory role. Respondent shall not work for a nurse registry, traveling nurse agency, float-pool, home health care agency, temporary nursing employment agency or as a personal care provider during the effective period of this Consent Order.

Respondent shall appear in person for interviews with the Board or its designee upon request.

(16) Out of State Practice/Residence.

Before any out-of-state practice or residence can be credited toward fulfillment of these terms and conditions, Respondent shall first obtain approval from the Board prior to Respondent leaving the State of Vermont. If Respondent fails to receive such approval before leaving the State, none of the time spent out-of-state will be credited toward the fulfillment of the terms and conditions of this Consent Order. The Board will approve out-of-state practice so long as the Respondent can still comply with the provisions of this Consent Order.

(17) Notification of Place of Employment/Personal Address/Telephone Number.

Within five (5) days of the date of entry of this Consent Order, Respondent shall notify the Board, in writing, of his current place of employment, personal address, and telephone number. Respondent shall further notify the Board, in writing, within forty-eight (48) hours of any change in employment, personal address, or telephone number.

(18) Notification to Other States.

In the event that the Respondent is licensed in nursing in any other state(s), he must inform the nursing licensing board of the state(s) in which the Respondent is licensed of the conditional status of his Vermont practical nursing license within thirty (30) days of the date of entry of this Order. If the Respondent fails to provide such notification, it will be considered a violation of this Order.

(19) License Renewal.

If the Respondent's license expires while this Order is still in effect, this Order does not automatically extend the license. In that situation, in order to continue to practice as a practical nurse, the Respondent must timely apply for renewal, pay the applicable fee and demonstrate that he has otherwise complied with the requirements for license renewal.

(20) Release of Information Forms.

If substance abuse counseling is required by the Board, the conditions of this Order require the Respondent to authorize drug and/or alcohol treatment providers to report information in verbal and/or written format and/or to discuss the Respondent and any and all treatment rendered to the Respondent for drugs and/or alcohol with the Board or its designee. If substance abuse counseling is required by the Board, the conditions of this Order must allow any and all information from the Respondent's treatment providers to also be provided to the Office of Professional Regulation investigators and that the information may be used for further prosecutions if so warranted or if the Office of Professional Regulation determines that said information violates the terms of this Order or any rules or laws governing the profession of nursing.

If applicable, the Respondent is entitled to revoke this consent at any time. However, any revocation by the Respondent of such consent to disclosure during the term of this Order shall be considered a violation of this Order.

If applicable, this consent expires when the conditions are removed from the Respondent's registered nursing license.

If applicable, this Stipulation and Consent Order shall constitute a valid written consent pursuant to the requirements of 42 C.F.R. § 2.31.

If applicable, the Respondent understands that his treatment provider may require him to sign a separate and distinct consent meeting the requirements of 42 C.F.R. § 2.31.

(21) Costs.

The Respondent shall bear all costs of complying with this Consent Order.

(22) Violation of this Order.

If the Respondent violates the terms of this Order in any respect, the Board, after giving the Respondent notice and an opportunity to be heard, may rescind or modify this Order and impose additional appropriate disciplinary actions. If a complaint of unprofessional conduct is made against the Respondent during the term of this Order, this Order shall be automatically extended until the unprofessional conduct matter is concluded.

(23) Completion of Conditional License Period.

After the conditional license period, the Respondent may petition the Board to remove any and all conditions on his license. The Respondent must present proof that he has fully complied with the terms of this Order. The Respondent must also present proof of successful substance abuse rehabilitation and he must demonstrate, to the satisfaction of the Board, that he poses no danger to the public or the practice of practical nursing and that he can safely and competently perform the duties of a licensed practical nurse.

(b) _____ Although I represent myself, I understand the full charge(s) described in the Information(s) and I have considered whether it is my best interests to go forward with the Plea Agreement set forth on the reverse side of this Waiver or to insist on my right to a trial.

(c) _____ I have discussed my plea with my Guardian Ad Litem, whose signature below indicates his/her agreement with my decision to plead today.

(4) I understand that the State has the burden of proving me guilty beyond the reasonable doubt. I understand that I can continue with my plea(s) of not guilty and, if so, I have the following rights:

- (a) to either a trial by court or jury;
- (b) to be confronted with witnesses against me and cross examine those witnesses;
- (c) to maintain my own silence;
- (d) to present evidence and have witnesses brought to the Court for me;
- (e) to present any defenses available; and
- (f) to appeal.

(5) No promises have been made to me by anyone from the State except those which are contained in the written Plea Agreement.

(6) I understand that if my plea is GUILTY I am admitting the essential elements of the offense(s) with which I have been charged. I understand that if my plea is NO CONTEST I am not contesting that the State could prove that I committed the essential elements of the charge(s) contained in the Information(s) and that the State has sufficient evidence to convict me of the offense(s) with which have been charged.

I have read this waiver of rights, and consulted with my attorney about it, if I am so represented, or considered it carefully on my own, or with my Guardian Ad Litem (as indicated by my checkmarks in section 3 above), and I understand it fully. I hereby knowingly and voluntarily give up each and every one of the rights written above and I ask the Court to accept my plea(s), making no claim of innocence. I ask the Court to accept my plea(s) and to proceed to sentence me as required by law.
