Order to Modify Conditions

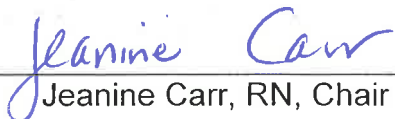

On August 10, 2015 the Vermont Board of Nursing considered Melanie A. Burroughs's request for Modification to her Board Order effective 11/9/2010. The Investigative Team recommended the modification. The State did not object.

The Board finds that Melanie A. Burroughs's random drug and alcohol testing may be suspended until one month before she returns to practice as an RN. Melanie A. Burroughs must complete three negative random tests before returning to practice as an RN.

The Board votes to modify Melanie A. Burroughs's Board Order.

Order Reinstating License with Conditions

On January 12, 2015, the Vermont Board of Nursing considered Melanie A. Burroughs' request for reinstatement of her RN license. The State did not object to reinstatement of Melanie A. Burroughs' license with conditions.

Based on the representations of the Investigative Team, the Board finds that Melanie A. Burroughs has met the requirements for reinstatement set by the Board's Order of November 9, 2010, and that reinstatement of Melanie A. Burroughs' license with the conditions set by that Order is appropriate.

The Board hereby **reinstates Melanie A. Burroughs' RN license with the conditions** set forth in the Order referenced above. The license status will be Inactive-Conditioned until Ms. Burroughs renews the license. At that time she will need to meet all Nursing Board requirements.

So Ordered.
