STIPULATION AND CONSENT ORDER

STIPULATION

NOW COME the State of Vermont, by and through State Prosecuting Attorney BetsyAnn Wrask, and the Respondent, Lori Lynn Ellis, who stipulate and agree as follows:

Board Authority

1. The Vermont State Board of Nursing (the "Board") has authority to issue warnings or reprimands; suspend, revoke, limit, or condition current licenses; or prevent the renewal of lapsed licenses if, after disciplinary hearing, the Board finds that the Respondent has engaged in unprofessional conduct. 3 V.S.A. § 129(a); 3 V.S.A. § 129a; 3 V.S.A. § 814(d); 26 V.S.A. § 1582; the Administrative Rules of the Board of Nursing (the "ARBN"); and the Rules of the Office of Professional Regulation.

Statement of Facts

2. Lori Lynn Ellis (the "Respondent") of Buskirk, New York, was licensed by the State of Vermont as a Licensed Practical Nurse under license number 025.0009388. This license was originally issued on or about January 16, 2008 and expired on or about January 31, 2010.
3. By way of history, on or about March 5, 2009, the Board conditioned Respondent's license for a minimum of three (3) years. Attachment A. This discipline was due in part to Respondent's admission that she had not complied with the terms of the Alternative Program, in which she had enrolled in or around January 2006. Attachment A.
4. By way of further history, on or about July 20, 2010, the Board conditioned Respondent's license. Attachment B. This discipline was due in part to the Board's finding that Respondent had failed to comply with the conditions ordered by the Board on March 5, 2009, including her failure to submit to the Board any treating professional reports. Attachment B. The condition ordered by the Board in July 2010 required that within ninety (90) days, Respondent submit to the Board all treatment provider reports she has had since March 2009 and all urinalyses. Attachment B. The Board ordered that if Respondent complied with that condition and thereafter

Prosecuting Attorney
Office of
Professional Regulation

petitioned the Board to remove the condition and place her license on inactive status, that Respondent's license would be reclassified as Inactive with no conditions. Attachment B.

5. At this time, the Respondent does not intend to practice nursing in the State of Vermont in the future.
6. However, it is the State's position that if, in the future, Respondent requests and is granted reinstatement, her license should be conditioned pursuant to the conditions ordered by the Board on March 5, 2009, enumerated in Attachment A.

Understandings

7. Respondent admits the facts above are true and that the conditions below are necessary to protect the public.
8. Respondent understands that the Nursing Board must review and accept the terms of the Consent Order. If the Board rejects any portion, the entire Stipulation and Consent Order shall be null and void.
9. Respondent specifically waives any claims that any disclosures made to the full Board during its review of this agreement have prejudiced her rights to a fair and impartial hearing in future hearings if this agreement is not accepted by the Board.
10. Respondent has read and reviewed this entire document and agrees that it contains the entire agreement between the parties.
11. Respondent is not under the influence of any drugs or alcohol at the time she signs this Stipulation and Consent Order.
12. Respondent voluntarily enters into this agreement after the opportunity to consult with legal counsel and is not being coerced by anyone into signing this Stipulation and Consent Order.
13. Respondent voluntarily waives her right to a contested hearing before the Board of Nursing and waives any right to appeal from this Stipulation and Consent Order.
14. Respondent agrees that the Order set forth below may be entered by the Board.

ORDER

Based on the Stipulation above, it is **ORDERED AND ADJUDGED** as follows:

- A. The Order regarding this matter, entered by the Board on or about July 20, 2010 (Attachment B), remains in effect.

- B. If Respondent complies with the July 20, 2010 Order regarding this matter, and if, thereafter, the Respondent requests and is granted reinstatement of her practical nursing license, the Respondent's license will be **CONDITIONED FOR A MINIMUM OF THREE (3) YEARS** commencing with the date of reinstatement, pursuant to the conditions ordered by the Board on March 5, 2009, enumerated in Attachment A.
- C. Notwithstanding any provision above, the Respondent must continue to meet all Nursing Board requirements for maintaining a license, license renewal and license reinstatement.
- D. This Stipulation and Consent Order is a matter of public record and may be reported to other licensing authorities as provided in 3 V.S.A. §129(a).
- E. This Stipulation and Consent Order will remain part of Respondent's licensing file and may be used for purposes of determining sanctions in any future disciplinary matter.

**FINDINGS OF FACT
CONCLUSIONS OF LAW & ORDER**

On Monday 8 December 2008, the Vermont Board of Nursing (Board) heard this contested case of alleged unprofessional conduct. The State of Vermont brought a Specification of Charges ("Charges") dated 23 June 2008 against Respondent Lori Lynn Ellis.

Board members Jeanine Carr, Sandra J. Norton, Alan H. Weiss, DeAnn Welch (Board Secretary) and William White were present and participated in the hearing. Board members Ellen Leff and Linda Rice recused themselves from participation.

The Respondent appeared on her own behalf. Edward G. Adrian represented the State of Vermont. Board counsel Kevin F. Leahy presided.

Summary:

This matter arises out of allegations of unprofessional conduct related to Respondent's enrollment in the Board's "Alternative Program." The Alternative Program is a Board monitored program to assist professionals in recovery from substance abuse.

After a review of the full evidentiary record in this matter, the Board finds the facts demonstrate unprofessional conduct by the Respondent.

The Board's order shall therefore include a finding of unprofessional conduct and license conditions imposed on the Respondent's license to protect the public.

**Findings of Fact &
Conclusions of Law:**

1. The Board licenses the Respondent and may exercise its disciplinary authority if the Board finds that the State has proven allegations of licensee unprofessional conduct. 26 V.S.A. Chapter 28; 3 V.S.A. § 129(a); the Admin. Rules for the Bd. of Nursing and the Admin. Rules for the Office of Prof. Reg.
2. Respondent holds a Board issued State of Vermont practical nursing (LPN) license.

3. The Respondent admits the factual allegations set forth in the State's Charges.
4. The material factual allegation of unprofessional conduct is that Respondent enrolled in the Alternative Program in January 2006 as a condition of licensure. The Charges allege, however, that she has not been compliant with the terms of the Alternative Program contract. *See Charges at ¶ 3.*
5. In a disciplinary hearing, the State has the burden of proof. To satisfy its evidentiary burden, it must "show by a preponderance of the evidence that [a licensee] has engaged in unprofessional conduct." 3 V.S.A. § 129a (c).
6. The Respondent does not dispute the material factual allegations, which the State contends support a finding of unprofessional conduct.
7. The Respondent both testified and acknowledged in her written answer to the Charges that she entered into an Agreement with the State of Vermont pursuant to the Board of Nursing's Alternative Program. *See Vt. Bd. Nursing Admin. R., Chapter 6* ("The Board of Nursing may provide for a non-disciplinary alternative in situations involving chemical dependency; provided, that the nurse agrees to voluntarily participate in a program of treatment and rehabilitation").
8. To enter the Alternative Program, a participant must sign a contract acknowledging that failure to abide by the terms of the Alternative Program's contractual requirements may subject the participant to disciplinary proceedings.
9. The Respondent entered into the Alternative Program contract due to her admitted opioid addiction, which she explained resulted from the long-term use of lawfully prescribed medication taken to treat pain caused by a chronic illness.
10. Respondent further acknowledges that she did not follow through with the terms of the Alternative Program contract.
11. The State therefore meets its statutory burden of proof and the Board finds that the State proved the factual allegations contained the Charges.
12. The Respondent explained that she is currently in a treatment program and in school fulltime. She further testified that she is not working as a nurse currently but wants to maintain her nursing license.
13. Due to Respondent's non-compliance, the State asked the Board to impose a three year conditioned license with substance abuse conditions.
14. The Respondent testified that she wanted to maintain her nursing license. She stated that there were several factors related to her non-compliance although she also said that she fully accepted responsibility for not adhering to the contract. She explained that her compliance with the contract lapsed during a period when she was not working as a nurse and during a time when she was overwhelmed with obligations caused by a serious family illness.

15. Respondent also stated that she continues to receive treatment and counseling for substance abuse, and that she "had no excuse for not following all of the requirements of the [Alternative Program contract]."
16. Respondent stated that she has no objection to the State of Vermont's request for a conditioned license for a period of three years.
17. The Board also finds that the Respondent's failure to abide by the terms of the Alternative Program contract's terms constitutes unprofessional conduct in violation of 3 V.S.A. §129a.
18. The nature of the unprofessional conduct, and the evidence received at the hearing, support the appropriateness of a conditioned license for a period of three years to protect the public.
19. The Board's order will therefore impose substance abuse related conditions on the Respondent's LPN license. The Board's conditions are set forth in "Appendix A" to this Order.
20. The Board further notes that it expects the Respondent to follow conditions regardless of whether she is working as a nurse. Although some of the requirements of this Order apply only to professional employment, all other conditions apply as long as the Respondent is licensed and until further notice by this Board.

ORDER

Based on the findings of fact and conclusions of law set forth above, which includes a finding of UNPROFESSIONAL CONDUCT, the Board of Nursing:

ORDERS that the Respondent's LPN license be CONDITIONED for a period of THREE (3) YEARS consistent with the terms set forth in APPENDIX A to this order.

**FINDINGS OF FACT, CONCLUSIONS OF LAW,
AND ORDER**

The Vermont Board of Nursing held a hearing in the above matter on July 12, 2010 at the National Life Building in Montpelier, Vermont.

The prosecution has the burden of proof in this matter. To prevail on any unprofessional conduct charge, it must prove the charge by a preponderance of the evidence.

Background

The prosecution alleges in its Specification of Charges that Ms. Ellis in violation of Vermont Statutes failed to comply with a Board Order by failing to comply with the conditions of the Alternative Program.

Findings of Fact

Based on the evidence presented, the Board finds as follows:

1. Ms. Ellis is licensed as a practical nurse and is therefore subject to the regulatory authority of this Board. 3 V.S.A. §§ 129, 129a, 26 V.S.A. § 1582(a), the Administrative

2. Rules of the Board of Nursing, and the Rules of the Office of Professional Regulation. As we found in our decision dated March 5, 2009 Ms. Ellis enrolled in the Board's Alternative Program in January 2006 as a condition of licensure. She signed a contract in which she agreed that noncompliance with the program conditions could subject her to disciplinary action. Ms. Ellis admitted in her last hearing in December 2008 that despite some complicating factors, she "had no excuse for not following all of the requirements of the [Alternative Program contract.]
3. Ms. Ellis previously agreed that her license could be conditioned for three years with the "standard" substance abuse conditions. On March 5, 2009 the Board imposed those conditions in its Order. A copy of the Order is attached hereto.
4. Ms. Ellis testified that she had given an authorization to her treatment providers to make the required reports to the Board. The authorization was not filled out properly. Ms. Ellis failed to follow up to make sure that the treatment program she was in would report to the Board.
5. The Order requires Ms. Ellis to authorize and cause her treating professional to submit monthly reports to the Board. Ms. Ellis failed to comply with that directive. Between March 2009 and October 22, 2009 Ms. Ellis did not submit any random urinalysis reports.
6. On October 22, 2009 Ms. Ellis requested that her license status be changed to "inactive." That request was denied because she had not been in compliance with the Board's previous order.
7. At no time between March 2009 and this hearing did Ms. Ellis submit reports from treatment professionals. At the hearing she did submit a July 6, 2010 letter from her treating physician who said she had been "completely compliant" with her treatment program.
8. Ms. Ellis testified that she has no plans to work as a practical nurse. She wishes to work in a mortuary in New York State where she lives. If her license is indefinitely suspended or revoked, her name will be placed on a list maintained by the Office of Inspector General (O.I.G.). Under Federal law, "No program payment will be made for anything that an excluded person furnishes, orders, or prescribes. This payment prohibition applies to the excluded person, anyone who employs or contracts with the excluded person, any hospital or other provider where the excluded person provides services, and anyone else. The exclusion applies regardless of who submits the claims and applies to all administrative and management services furnished by the excluded person." See, regulations at 42 CFR 1001.1901(c).
9. Ms. Ellis reports that in the recent past she has, despite medical problems, graduated from college with honors.
10. Ms. Ellis reports that she has been sober and substance free since 2002. She testified that she did have positive urine results caused by legitimately prescribed drugs known to her treating professionals. At this time, verification of Ms. Ellis' progress and current condition will enable the Board to find an appropriate resolution of her license status that will protect the public.

Conclusions of Law

Based on the evidence presented and Facts found above we conclude as follows:

1. **Re: Alleged Violation of 3 V.S.A. § 129a(a)(4):** The State has proved by a preponderance of the evidence that Ms. Ellis failed to comply with an Order of the Board and violated a term or condition of a license restricted by the Board. This is unprofessional conduct.

Order

For the violations above, to protect the public, health, safety and welfare, the following sanction is necessary.

Ms. Ellis's license is **conditioned**, effective the date of this decision as follows.

Within 90 days, Ms. Ellis shall provide reports from all treatment providers she has had since March 2009. The reports should allow the Board to confirm that Ms. Ellis has successfully maintained sobriety/abstinence. Ms. Ellis shall include reports from St. Peters and Dr. Nazir and all urinalyses. The reports submitted should confirm that any positive urine screens resulted from legitimately prescribed drugs.

At that time Ms. Ellis may petition the Board to remove conditions and place her license on inactive status. If the Board is satisfied that she has successfully met the condition, her license will be re-classified as **inactive with no conditions**.

APPEAL RIGHTS

This is a final administrative determination by the Vermont Board of Nursing. A party aggrieved by a final decision of a board may appeal this decision by filing a written Notice of Appeal with the Director of the Office of Professional Regulation, Vermont Secretary of State, Office of Professional Regulation, National Life Bldg., North, FL2, Montpelier, Vermont 05620-3402 within 30 days of the entry of this Order.

If an appeal is filed, the Director of the Office of Professional Regulation shall assign the case to an appellate officer. The review shall be conducted on the basis of the record created before the board. In cases of alleged irregularities in procedure before the board, not shown in the record, proof on that issue may be taken by the appellate officer. 3 V.S.A. §§ 129(d) and 130a.
