SUMMARY SUSPENSION ORDER

On Monday 10 September 2007, this matter came before the Vermont State Board of Nursing by petition of the State of Vermont seeking a summary suspension pursuant to 3 V.S.A. § 814(c). The hearing took place at the Secretary of State's Office of Professional Regulation, Montpelier, Vermont.

The Board has authority to suspend summarily a license pending further proceedings if it determines that public health, safety or welfare imperatively require emergency action.

**Findings of Fact &
Conclusions of Law:**

Based on a review of the evidence presented at the hearing of this matter, the Board finds:

1. The Respondent is licensed by and subject to the disciplinary authority of this Board. 26 V.S.A. Chapter 28, 3 V.S.A. § 129(a)(3); and the Administrative Rules of the Office of Professional Regulation.
2. The State filed a "Request for Summary Suspension" dated 23 August 2007 alleging that Respondent diverted opioids from her place of employment, the Southwest Vermont Medical Center located in Bennington, Vermont.
3. The State argues that public health, safety or welfare imperatively requires emergency action, and the state asks this Board to suspend summarily the Respondent's license prior to a full hearing on the merits.
4. The Board has considered the evidence related to the allegations in the State's Request for Summary Suspension.
5. The Board finds that the State has, in its presentation of evidence, met its burden to the necessary degree of showing an imperative need for emergency action to protect the public health, safety and welfare.
6. Pursuant to 3 V.S.A. § 814(c), the Board issues the following temporary order, which shall remain in effect until further action by this Board.

ORDER

The Board of Nursing GRANTS the State of Vermont's Request for Summary Suspension.

The Respondent's license is SUMMARILY SUSPENDED pending proceedings for revocation or other action. These proceedings shall be promptly instituted and determined.
