Order to Modify Conditions

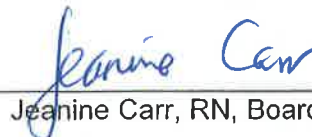

On February 8, 2016, the Vermont Board of Nursing considered Shannon E. Goddeau's request for Modification to her Board Order effective April 11, 2011. The Investigative Team recommended the modification. The State did not object.

The Board finds that while Ms. Goddeau is working as a hospital Admissions, Discharge, and Transfer Case Manager, the Registered Nurse who is supervising her does not need to be in the same office for the entire shift.

The Board votes to modify Shannon E. Goddeau's Board Order.

So Ordered.
