NOW COME the State of Vermont, by and through State Prosecuting Attorney Edward G. Adrian, and the Respondent, Misty Renee Gomez, RN, who stipulate and agree as follows:

Board Authority

1. The Vermont State Board of Nursing (the "Board") has authority to issue warnings or reprimands; suspend, revoke, limit, or condition current licenses; or prevent the renewal of lapsed licenses if, after disciplinary hearing, the Board finds that the Respondent has engaged in unprofessional conduct. 3 V.S.A. § 129(a); 3 V.S.A. § 129a; 3 V.S.A. § 814(d); 26 V.S.A. § 1582; the Administrative Rules of the Board of Nursing (the "ARBN"); and the Rules of the Office of Professional Regulation.

On or about October 16, 2008 in a Findings of Fact, Conclusions of Law and Order, the Indiana Board of Nursing (the "Indiana Board") indefinitely suspended Respondent's license to practice as a Registered Nurse in Indiana. This discipline was due in part to the disciplinary action taken by the Kentucky Board, as well as the Indiana Board's finding that Respondent continued to practice as a nurse despite Respondent becoming unfit to practice due to alcohol dependency. Attachment C.
8. On or about October 30, 2008 in a Kentucky Alternative Recovery Effort ("KARE") for Nurses Program Agreement, the Respondent agreed to practice in the State of Kentucky under chemical dependency conditions on her Kentucky nursing license for a minimum of five (5) years. IN THE MATTER OF THE LICENSE OF)

MISTY RENEE WHITE GOMEZ, R.N.,)

FINDINGS OF FACT, CONCLUSION OF LAW AND ORDER

The Indiana State Board of Nursing ("Board") held an administrative hearing on September 18, 2008 in the Auditorium of the Conference Center, Indiana Government Center South 302 West Washington Street, Indianapolis, Indiana, concerning an Administrative Complaint filed against the Indiana nursing license of Misty Renee White Gomez, R.N. ("Respondent") by the State of Indiana on July 24, 2008.

The State of Indiana was represented by Deputy Attorney General Laura E. Wilford. The Respondent appeared in person without counsel.

The Board, after considering the evidence presented and taking official notice of its file in this matter, by a vote of 6-0-0, issues the following Findings of Fact, Conclusion of Law and Order:

FINDINGS OF FACT

1. The Respondent's address on file with the Indiana Professional Licensing Agency is 203 Savannah Nicole Road, Jeffersonville, Indiana 47130 and she is a Registered Nurse in the State of Indiana, having been issued license number 28162439A in 2004. Respondent also holds Kentucky Registered Nurse license number 1099921 and Kentucky Licensed Practical Nurse license number 2035337.

2. On or around October 10, 2007, the Commonwealth of Kentucky Board of Nursing ("KYBON") issued an "Order of Immediate Temporary Suspension" on Respondent's

Attachment C

Kentucky nursing license. On or around July 14, 2007, Respondent reported to work as an agency nurse at Parkway Medical Center in Louisville, Kentucky with the smell of alcohol on her breath. An alcohol screening was positive for alcohol. On August 2, 2007, KYBON sent Respondent an Order for a Chemical Dependency Evaluation by certified mail. Respondent signed for delivery of the same on August 9, 2007; however, she failed to have the evaluation.

3. During the September 18, 2008 hearing, Respondent testified that she has a diagnosis of alcohol dependence and her date of sobriety is November 2007. Respondent provided documentation showing she had received treatment for substance use and was still pursuing recovery. She testified that she is almost ready to have her reinstatement hearing in Kentucky. She stated that she agrees that she should be monitored and would have contacted the Indiana monitoring program earlier; however, she was under the impression that she could not be monitored in both Indiana and Kentucky and so she was pursuing the Kentucky monitoring program. Respondent further testified that she was currently employed as a nurse in Indiana and while her patient knows about her alcohol dependence diagnosis and issues and Kentucky, she has not volunteered the information to her employer.

CONCLUSION OF LAW

Respondent's conduct constitutes a violation of Ind. Code § 25-1-9-4(a)(7), in that, Respondent has had disciplinary action taken against Respondent or Respondent's license to practice in any state or jurisdiction on grounds similar to those under this chapter, to wit: Ind. Code § 25-1-9-4(a)(4)(D), in that, Respondent has continued to practice although Respondent has become unfit to practice due to addition to, abuse of, or severe dependency upon alcohol or other drugs that endanger the public by impairing Respondent's ability to practice safely.

ORDER

Based upon the above Findings of Fact, the Board issues the following Order:

1. Respondent's Indiana nursing license is placed in INDEFINITE SUSPENSION.
2. Prior to petitioning for reinstatement, Respondent shall submit proof to the Board that the suspension on her Kentucky nursing license has been lifted.
3. A violation of the Final Order or any non-compliance with the statutes or regulations regarding the practice of nursing may result in the State requesting an emergency suspension of Respondent's license, an Order to Show Cause as may be issued by the Board, or a new cause of action pursuant to Ind. Code § 25-1-9-4, any or all of which could lead to additional sanctions, up to and including a revocation of Respondent's license.

SO ORDERED, this 16 day of October, 2008.
