Docket No. 2020-99

Appearances:

Prosecutor: Jennifer B. Colin, Esq.

Respondent: Did not appear

Hearing Officer: George K. Belcher

DEFAULT ORDER

Findings of Fact

1. The Respondent is licensed in Vermont as a Registered Nurse.
2. The Hearing Officer held a hearing in the above matter on January 1, 2021 pursuant to 3 VSA Sec. 129(f). The hearing was held electronically pursuant to the Notice of Hearing dated December 15, 2020. The State requested a Default because the Respondent had not responded to the charges in this case. A notice of the hearing on the default was sent to the Respondent on or about December 15, 2020 by regular mail, email, and by certified mail. As of the date of the hearing neither the email nor regular mail notices had been returned to the Office of Professional Regulation. The certified mail notice of the default hearing was returned with a notation that it had been received.
3. Specification of Charges were filed in this case on or about October 30, 2020. A copy of the Specification of Charges is attached to this order. The charges were sent to the Respondent at the address which is on file with the Office of Professional Regulation on October 30, 2020 by certified mail, email, and by regular mail. The Certified mail notice was returned to the OPR office showing receipt.
4. No answer has been filed.
5. Under the Administrative Rules of the Officer of Professional Regulation, Rule 3.4, a default may be entered when an answer is not filed within the required time period.
6. Upon consideration of the Prosecution's presentation and taking notice of the OPR file, the Hearing Officer of the Board finds Respondent to be in Default. The allegations contained in the Specification of Charges are therefore treated as the facts on which the Board may issue an order of professional discipline. OPR Rule 3.4, 3 V.S.A. § 809(d), and 3 V.S.A. § 814(c).
7. It is specifically found that the Respondent filed two nursing license applications in October 2018 and March 2019. The applications signed by the Respondent falsely stated that the Respondent did not have an addiction issue and that she was not currently participating in a supervised program regarding the use of alcohol or controlled substances. In fact, the Respondent relapsed from an addiction issue in

February of 2018 and in April of 2018 the Respondent entered a 36 month agreement with the Minnesota Health Professional Services Program.

8. It was the recommendation of the State of Vermont that the Respondent's license be indefinitely suspended with conditions to be imposed as a prerequisite to requesting reinstatement. That recommendation is included in the proposed order below.

Conclusions of Law

Respondent has received adequate or constructive notice of the charges in this matter as indicated by the Board's file and the Prosecution's presentation. Because Respondent has failed to answer the charges, the factual allegations in the Specification of Charges are treated as if proved. O.P.R. Rule 3.4. Accordingly, the Board may find, based up the finding of Default from this Default Hearing held pursuant to 3 V.S.A. §809(d), that Respondent has engaged in the unprofessional conduct alleged in the Specification of Charges. The Respondent committed unprofessional conduct by violating: 3 VSA Sec. 129a(a)(1) [Fraudulent or deceptive procurement of a license]; 26 VSA Sec. 1582(a)(3) [Engaging in conduct of a character likely to deceive or defraud the public]; and 3 VSA Sec. 129a(a)(15) [Failure to exercise independent judgment in the performance of licensed activities].

Proposed Order

In accordance with the above Findings of Fact and Conclusions of Law, and consistent with the recommendation by the State, the Board does **ORDER** that the Respondent's license be **INDEFINITELY SUSPENDED**. In the event that the Respondent seeks to regain her license, she must petition for reinstatement. Within forty-five (45) days of requesting reinstatement, Respondent must, at her own cost:

- (a) Obtain an independent evaluation report by a pre-approved licensed professional specializing in drug and alcohol abuse ("Independent Evaluator") who has verified receipt of the Default Order. The results of the Independent Evaluation must indicate that Respondent does not present a risk to the safety, health or welfare of Respondent's potential patients, as well as any recommendations that would ensure that the Respondent is safe to practice. The evaluation must be submitted to the Enforcement Unit Case Manager;
- (b) Submit to the Enforcement Unit Case Manager the results of a minimum of three (3) random drug and alcohol screens:
 - (i) When Respondent is ready to petition for reinstatement, Respondent shall contact the Enforcement Unit Case Manager at the Office of Professional Regulation to set-up the drug and alcohol screen process and receive instructions. Once registered with the pre-approved person or entity, Respondent will have 45 days to submit to a minimum of three (3) random drug and alcohol screens. The process by which Respondent learns whether the Respondent is selected to provide a sample on any given day will be governed by the policy of the pre-approved person or entity conducting the testing at that time;

- (ii) The drug and alcohol screens must be collected in an observed setting, administered by a pre-approved person or entity, and analyzed by a pre-approved lab qualified to analyze samples for forensic purposes, the result of which shall be negative;
- (iii) Failure to appear for, refusal to provide, adulteration of, dilution of, or tampering with a drug or alcohol screen in any way shall cause that screen to be presumed positive; and
- (c) If recommended by an Independent Evaluator, the respondent must enter into a treating professional agreement and substance abuse treatment plan with a pre-approved treating professional(s) and follow all recommendations. If treatment is recommended, Respondent must submit a treating professional agreement to the Enforcement Unit Case Manager before a reinstatement request will be considered.

If reinstated, Respondent's license **SHALL BE CONDITIONED** pursuant to whatever terms are reasonable at the time of Respondent's reinstatement request for a minimum period of three (3) years, taking into account the independent evaluation, the drug and alcohol screen results, the facts contained in the Default Order, and any other relevant factors at that time.

Notwithstanding any provision above, the Respondent must continue to meet all Nursing Board requirements for maintaining a license, license renewal and license reinstatement.

The Hearing Officer reports the above findings of facts, conclusions of law, and the proposed order to the Board or Director with the recommendation that the Board or Director approve them and enter the Order as above.

Dated this 19th day of January, 2021.
