12. Respondent voluntarily waives her right to a contested hearing before the Board of Nursing and waives any right to appeal from this Stipulation and Consent Order.

13. Respondent agrees that the Order set forth below may be entered by the Board.

ORDER

Based on the Stipulation above, it is **ORDERED AND ADJUDGED** as follows:

A. The Board of Nursing hereby **CONDITIONS** the Respondent's license to practice nursing for a maximum period of **SIX (6) MONTHS**, except as may otherwise be provided by this order commencing with the date of entry of this Stipulation and Consent Order. After six (6) months the Respondent may petition to have the conditions removed. The conditions are as follows:

(1) Re-issue of License.

Upon the commencement of these conditions, Respondent shall be issued a license labeled "conditioned."

(2) Length of Time Conditions Imposed.

The conditions shall remain in place until Respondent has completed all conditions ordered. Respondent shall be subject to the conditions until Respondent completes **six (6) months** of supervised nursing practice in which she works forty (40) hours every two (2) weeks as a nurse. Part time hours of less than forty (40) hours every two (2) weeks shall be credited on a prorated basis. Respondent shall be prohibited from working more than forty (40) hours per week.

(3) Scope of Practice Review.

Respondent shall engage a licensed nurse or designee of the Board that is in good standing with the Board, approved in advance by the Board or its designee, to review with the Respondent the scope of practice for a licensed practical nurse. The Respondent shall then submit written documentation to verify her completion of the scope of practice review as described above. This review must be completed within three (3) months of the date of entry of this Stipulation and Consent Order.

(4) Notification to Employers/Nursing School.

During the conditioned period, Respondent shall provide a copy of this Stipulation and Consent Order to all employers in any current or future setting in which Respondent practices as a nurse and inform them of Respondent's conditional license status.

Within ten (10) days of the date of commencement of these conditions or of any subsequent nursing employment, Respondent shall cause Respondent's immediate supervisor to write to the Board, on the employer's letterhead, acknowledging receipt of the Stipulation and Consent Order and the ability to comply with the conditions in the Consent Order.

In the event Respondent is attending a nursing program which has a clinical portion which involves actual patient care, she shall provide a copy of the Stipulation and Consent Order to the Program Director. Respondent shall cause the Program Director to write to the Board, on school letterhead, acknowledging receipt of the Stipulation and Consent Order and ability of the program to comply with its conditions during clinical experience.

(5) Reports from Employers.

Within one (1) month of the date of entry of this Order or within one (1) month of the commencement of nursing employment and **monthly** thereafter, Respondent shall cause every nursing employer the Respondent has worked for during the month to submit to the Board an evaluation of Respondent's work performance and attendance during that month. This report shall be submitted in writing on forms issued by the Board.

In the event the Respondent is attending a nursing program, Respondent shall cause the Program Director to submit to the Board, on a monthly basis, a written evaluation of her performance and attendance. This report shall be submitted in writing on forms issued by the Board and accompanied by a cover letter on the school's letterhead.

(6) Practice Under Supervision.

Respondent shall practice only in a nursing setting where Respondent has on-site supervision for the entire shift by a licensed nurse that is in good standing with the Board.

(7) Out of State Practice/Residence.

Before any out-of-state practice or residence can be credited toward fulfillment of these terms and conditions, Respondent shall first obtain approval from the Board prior to Respondent leaving the State of Vermont. If Respondent fails to receive such approval before leaving the State, none of the time spent out-of-state will be credited toward the fulfillment of the terms and conditions of this Consent Order. The Board will approve out-of-state practice so long as the Respondent can still comply with the provisions of this Consent Order.

(8) Notification of Place of Employment/Personal Address/Telephone Number.

Within five (5) days of the date of entry of this Order, Respondent shall notify the Board, in writing, of her current place of employment, personal address, and telephone number. Respondent shall further notify the Board, in writing, within forty-eight (48) hours of any change in employment, personal address, or telephone number.

(9) License Renewal.

If the Respondent's license expires while this Order is still in effect, this Order does not automatically extend the license. In that situation, in order to continue to practice nursing, the Respondent must timely apply for renewal, pay the applicable fee and demonstrate that she has otherwise complied with the requirements for license renewal.

(10) Costs.

The Respondent shall bear all costs of complying with this Consent Order.

(11) Violation of this Order.

If the Respondent violates the terms of this Order in any respect, the Board, after giving the Respondent notice and an opportunity to be heard, may rescind or modify this Order and impose additional appropriate disciplinary actions. If a complaint of unprofessional conduct is made against the Respondent during the term of this Order, this Order shall be automatically extended until the unprofessional conduct matter is concluded.

(12) Completion of Conditional License Period.

After the conditional license period, the Respondent may petition the Board to remove any and all conditions on her license. The Respondent must present proof that she has fully complied with the terms of this Order.

B. Notwithstanding any provision above, the Respondent must continue to meet all Nursing Board requirements for maintaining a license, license renewal and license reinstatement.

C. This Stipulation and Consent Order is a matter of public record and may be reported to other licensing authorities as provided in 3 V.S.A. §129(a).

D. This Stipulation and Consent Order will remain part of Respondent's licensing file and may be used for purposes of determining sanctions in any future disciplinary matter.
