**Decision on
Motion to Modify Stipulation**

This matter came before the Board on May 11, 2009 on Ms. Smith's motion to modify here Stipulation and Consent Order adopted by the Board on December 8, 2008. Ms. Smith appeared on her own behalf. The State was represented by Edward G. Adrian. The State did not oppose Ms. Smith's request.

Because the Stipulation called for a six month suspension, and since Ms. Smith has been under suspension since her license was summarily suspended since August, 2008, the six month period may be counted from August. Ms. Smith has met all reinstatement conditions. The Board agrees that requiring her to wait until June 10, 2009 for reinstatement is not necessary.

Order

Ms. Smith's license may be reinstated forthwith, subject to all the conditions set forth in the Stipulation and Consent Order.

Board Authority

1. The Vermont State Board of Nursing (the "Board") has authority to issue warnings or reprimands; suspend, revoke, limit, or condition current licenses; or prevent the renewal of lapsed licenses if, after disciplinary hearing, the Board finds that the Respondent has engaged in unprofessional conduct. 3 V.S.A. § 129(a); 3 V.S.A. § 129a; 3 V.S.A. § 814(d); 26 V.S.A. § 1582; the Administrative Rules of the Board of Nursing ("ARBN"); and the Rules of the Office of Professional Regulation.

Statement of Facts

2. Sybil Smith (the "Respondent") of Norwich, Vermont is a registered nurse holding license number 026-0014376, issued by the State of Vermont. This license was originally issued on September 3, 1981 and is currently set to expire March 31, 2009.
3. At all relevant times the Respondent was employed at the VA Hospital (the "Facility") located in White River Junction, Vermont.
4. On or about June 27, 2008, the Respondent spoke with Board Administrator Elizabeth Hansen and told Ms. Hansen that she was currently in treatment at the Brattleboro Retreat and had been diverting Klonopin from the Facility.
5. On or about July 23, 2008 the Respondent told Investigator Steve Kennedy that she had enrolled herself at the Brattleboro Retreat from June 24, 2008 to July 16, 2008 for alcohol abuse treatment. The Respondent admitted that she had on occasion consumed alcohol before work. The Respondent also admitted that on or about June 22, 2008 she had taken approximately 50 Klonopin tablets from returns that were kept behind the nurse's station and that the pills were taken to self-medicate for her alcohol abuse. The Respondent also indicated that on June 24, 2008 she had

9. Respondent understands that the Nursing Board must review and accept the terms of the Consent Order. If the Board rejects any portion, the entire Stipulation and Consent Order shall be null and void.
10. Respondent specifically waives any claims that any disclosures made to the full Board during its review of this agreement have prejudiced her rights to a fair and impartial hearing in future hearings if this agreement is not accepted by the Board.

Based on the Stipulation above, it is **ORDERED AND ADJUDGED** as follows:

- A. The Board of Nursing hereby **INDEFINITELY SUSPENDS** the Respondent's license to practice nursing for a **MINIMUM OF SIX (6) MONTHS from the date of entry below**. Before applying for reinstatement, Respondent must: 1) obtain an independent evaluation report by a licensed professional specializing in drug and alcohol abuse pre-approved by the Board; 2) the results of the report with the drug and alcohol abuse independent evaluator must indicate that the Respondent does not present a risk to the safety, health or welfare of her potential patients; and 3) Respondent must submit to the Board the results of a minimum of three (3) random urine analyses administered by a person who has been pre-approved by the Board, and analyzed by a lab qualified to analyze samples for forensic purposes and pre-approved by the Board. The Respondent's license shall not be reinstated until these prerequisites are met, regardless of whether more than six (6) months have passed since the suspension went into effect. Once reinstated, Respondent's license will be **CONDITIONED FOR THREE (3) YEARS**. The conditions will be as follows:

- (1) Re-issue of License.

Upon the commencement of these conditions, Respondent shall be issued a license labeled "conditioned."

- (2) Length of Time of Conditions Imposed.

The conditions shall remain in place until Respondent has completed all conditions ordered. Respondent shall be subject to the conditions until Respondent completes a **minimum of three (3) years** of supervised registered nursing in which she works at least forty (40) hours every two (2) weeks as a registered nurse. Part time hours of less than forty (40) hours every two (2) weeks shall be credited on a prorated basis. Respondent shall be prohibited from working more than forty (40) hours per week.

(5) Reports from Treating Professional.

Respondent shall authorize and cause her treating professional to submit to the Board evidence of satisfactory progress with the treatment plan during the effective period of this Consent Order. These reports shall be submitted in writing on forms issued by the Board. The first report is due commencing the month after the date of the commencement of the conditions and subsequent reports are due **monthly** thereafter.

All urine specimens collected for tests shall be collected in an observed setting. All screens shall be negative.

Respondent shall abstain completely from the consumption or possession of alcohol and drugs with the exception of medications as outlined in paragraph A.(9) for the period of time described in A.(2).

(9) Drug Use Exception.

Respondent shall ensure that the physician, dentist or nurse practitioner informs the Board, in writing and on appropriate letterhead, of knowledge of Respondent's substance abuse issue(s) within one (1) week of entering into the practitioner/patient relationship. Respondent shall inform the Board in writing of all scheduled/controlled medications prescribed, including the name of the prescribing practitioner, within forty-eight (48) hours of receiving the prescription.

The Board or its designee may request at any time that the practitioner document the continued necessity for the prescribed scheduled/controlled medications if the term exceeds fourteen (14) days. This includes medications to be administered as necessary. It is not anticipated that Respondent would be prescribed scheduled/controlled medication during the term of this Consent Order for a period greater than fourteen (14) days, but if so, then the conditions herein may be revoked by the Board.

Respondent shall keep a written record of all medications taken, including over the counter drugs, and produce such record upon the request of the Board or its designee.

(10) Notification to Employers/Nursing School.

Respondent shall provide a copy of this Stipulation and Consent Order to all employers in any current or future setting in which Respondent practices as a registered nurse and inform them of Respondent's conditional license status.

In the event the Respondent is attending a nursing program, Respondent shall cause the Program Director to write to the Board, on school letterhead, acknowledging receipt of the Stipulation and Consent Order and ability of the program to comply with the conditions in the Consent Order during clinical experience.

(11) Reports from Employers.

Within one (1) month of the date of entry of this Order or within one (1) month of the commencement of registered nursing employment and **monthly** thereafter, Respondent shall cause every nursing employer the Respondent works for during the month to submit to the Board an evaluation of Respondent's work performance and attendance during that month. This report shall be submitted in writing on forms issued by the Board.

In the event the Respondent is attending a nursing program, Respondent shall cause the Program Director to submit to the Board, on a monthly basis, a written evaluation of her performance and attendance. This report shall be submitted in writing on forms issued by the Board and accompanied by a cover letter on the school's letterhead.

(12) Practice Under Supervision.

Respondent shall practice as a registered nurse only in a setting where Respondent has direct supervision for the entire shift by a licensed registered nurse that is in good standing with the Board.

(13) Administration of Medications.

Respondent is prohibited from administering any controlled substances. This condition may be removed only by the Respondent filing a petition with the Board after she has worked as a registered nurse for twelve (12) weeks for at least forty (40) hours every two weeks (or the part time equivalent) after the date of reinstatement.

In any such petition, the Respondent must demonstrate, to the satisfaction of the Nursing Board, that she can safely and competently administer such medications. In any such petition, the Respondent must include appropriate support from her treating professional and employer or nursing school administrator and a description of the documentation and inventory control procedures in place.

The removal of this prohibition shall not automatically result in the reinstatement of all medication privileges. The Board may gradually restore those privileges through whatever intermediary steps it determines are appropriate.

(14) Types of Employment Prohibited.

Respondent shall not work in a supervisory role. Respondent shall not work for a nurse registry, traveling nurse agency, float-pool, home health care agency, temporary nursing employment agency or as a private duty nurse or personal care provider during the effective period of this Consent Order.

(15) Interview with the Board or its Designee.

Respondent shall appear in person for interviews with the Board or its designee upon request.

(16) Out-of-State Practice.

Before any out-of-state practice can be credited toward fulfillment of these terms and conditions, Respondent shall first obtain approval from the Board prior to Respondent practicing nursing outside the State of Vermont. If Respondent fails to receive such approval before practicing nursing outside the State of Vermont, none of the time spent practicing nursing out-of-state will be credited toward the fulfillment of the terms and conditions of this Consent Order. The Board will approve out-of-state nursing practice so long as the Respondent can still comply with the provisions of this Consent Order.

(17) Notification of Place of Employment/Personal Address/Telephone Number.

Within five (5) days of the date of entry of this Consent Order, Respondent shall notify the Board, in writing, of her current place of employment, personal address, and telephone number. Respondent shall further notify the Board, in writing, within forty-eight (48) hours of any change in employment, personal address, or telephone number.

(18) Notification to Other States.

In the event that the Respondent is licensed in nursing in any other state(s), she must inform the nursing licensing board of the state(s) in which the Respondent is licensed of the conditional status of her Vermont registered nursing license within thirty (30) days of the date of entry of this Order. If the Respondent fails to provide such notification, it will be considered a violation of this Order.

(19) License Renewal.

If the Respondent's license expires while this Order is still in effect, this Order does not automatically extend the license. In that situation, in order to continue to practice as a registered nurse, the Respondent must timely apply for renewal, pay the applicable fee and demonstrate that she has otherwise complied with the requirements for license renewal.

(20) Release of Information Forms.

The conditions of this Order require the Respondent to authorize drug and/or alcohol treatment providers to report information in verbal and/or written format and/or to discuss the Respondent and any and all treatment rendered to the Respondent for drugs and/or alcohol with the Board or its designee. The conditions of this Order must allow any and all information from the Respondent's treatment providers to also be provided to the Office of Professional Regulation investigators and that the information may be used for further prosecutions if so warranted or if the Office of Professional Regulation determines that said information violates the terms of this Order or any rules or laws governing the profession of nursing.

The Respondent is entitled to revoke this consent at any time. However, any revocation by the Respondent of such consent to disclosure during the term of this Order shall be considered a violation of this Order.

This consent expires when the conditions are removed from the Respondent's registered nursing license.

This Stipulation and Consent Order shall constitute a valid written consent pursuant to the requirements of 42 C.F.R. § 2.31.

The Respondent understands that her treatment provider may require her to sign a separate and distinct consent meeting the requirements of 42 C.F.R. § 2.31.

(21) Costs.

The Respondent shall bear all costs of complying with this Consent Order.

(22) Violation of this Order.

If the Respondent violates the terms of this Order in any respect, the Board, after giving the Respondent notice and an opportunity to be heard, may rescind or modify this Order and impose additional appropriate disciplinary actions. If a complaint of unprofessional conduct is made against the Respondent during the term of this Order, this Order shall be automatically extended until the unprofessional conduct matter is concluded.

(23) Completion of Conditional License Period.

After the conditional license period, the Respondent may petition the Board to remove any and all conditions on her license. The Respondent must present proof that she has fully complied with the terms of this Order. The Respondent must also present proof of successful substance abuse rehabilitation and she must demonstrate, to the satisfaction of the Board, that she poses no danger to the public or the practice of registered nursing and that she can safely and competently perform the duties of a licensed registered nurse.

SUMMARY SUSPENSION ORDER

On Monday 11 August 2008, this matter came before the Vermont State Board of Nursing by petition of the State of Vermont. The State of Vermont seeks a summary suspension of Respondent's professional license pursuant to 3 V.S.A. § 814(c). The hearing took place at the Secretary of State's Office of Professional Regulation, National Life Building, Montpelier, Vermont.

The Board has authority to suspend summarily a license pending further proceedings if it determines that public health, safety or welfare imperatively require emergency action.

**Findings of Fact &
Conclusions of Law:**

Based on a review of the evidence presented at the hearing of this matter, the Board finds:

1. The Board of Nursing licenses the Respondent, and the Respondent is subject to the disciplinary authority of this Board. Title 26, Chapter 28; 3 V.S.A. § 129(a)(3); and the Administrative Rules of the Office of Professional Regulation.
2. The State filed a "Request for Summary Suspension" docketed 6 August 2008, alleging that the Respondent had been diverting medication, for her own consumption, prior to June 2008 from the VA Hospital in White River Junction, VT where she was employed. The State also alleges that the Respondent admits to consuming alcohol prior to work during this period.
3. The State argues that public health, safety or welfare imperatively requires emergency action, and it asks this Board to suspend summarily the Respondent's license prior to a full hearing on the merits.
4. The Board has considered the evidence related to the allegations in the State's Request for Summary Suspension.
5. The Board finds that the State has, in its presentation of evidence, met its burden to the necessary degree of showing an imperative need for emergency action to protect the public health, safety and welfare.
6. Pursuant to 3 V.S.A. § 814(c), the Board issues the following temporary order, which shall remain in effect until further action by this Board.

ORDER

The Board of Nursing GRANTS the State of Vermont's Request for Summary Suspension.

The Respondent's license is SUMMARILY SUSPENDED pending proceedings for revocation or other action. These proceedings shall be promptly instituted and determined.
