Order Removing Conditions

On January 14, 2013, the Vermont Board of Nursing considered Karen St. Peter's request for removal of conditions imposed on her RN license by Board Order dated June 13, 2012. The State did not object.

Based on the representations of the Investigative team, the Board finds that Karen St. Peter has met all requirements of the Order and that removal of the conditions is appropriate.

The Board hereby **removes the conditions** imposed on Karen St. Peter's license by the Order referenced above.

So Ordered.
