RE: Petition of Entergy Nuclear Vermont Yankee, LLC and Entergy Nuclear Operations Inc., for its Certificates of Public Good and Approvals required under 10 V.S.A. §§ 6501-6504 and 30 V.S.A. §§231(a), 248 and 254, for authority to renew operation of the Vermont Yankee Nuclear Power Station, including the storage of spent-nuclear fuel, after March 1, 2012.

Dear Dave:

At our meeting on December 3, 2007, the Vernon Selectboard reviewed the proposed continued operation of the Vermont Yankee Nuclear Power Station, including the storage of spent-nuclear fuel ("SNF"), after March 21, 2012, in Vernon, Vermont. Following such review, the Vernon Selectboard voted that the proposed re-licensing of the Station will not unduly interfere with the orderly development of the region, nor will it overburden municipal and governmental services in the Town of Vernon.

Sincerely,

Annette Roydon

Re: Vermont Public Service Board Docket No. 7862

Dear Bernie:

In reference to our prior letter dated December 4, 2007, attached, we confirm our view has not changed.

Sincerely,

Patricia O'Bonnell
Chair
Vernon Selectboard
