Re: Petition of Entergy Nuclear Vermont Yankee, LLC, and Entergy Nuclear Operations, Inc., for its Certificates of Public Good and Approvals required under 10 V.S.A. §§ 6501-6504 and 30 V.S.A. §§ 231(a), 248 and 254, for authority to renew operation of the Vermont Yankee Nuclear Power Station, including the storage of spent-nuclear fuel, after March 1, 2012

Dear Dave:

At your request, the Vernon Volunteer Fire Department has reviewed the impact on municipal and governmental services and the public health and safety of the proposed continued operation of the Vermont Yankee Nuclear Power Station, including the storage of spent-nuclear fuel ("SNF"), after March 21, 2012, in Vernon, Vermont. Following such review, it is the position of the Vernon Volunteer Fire Department that the proposed re-licensing of the Station will not overburden municipal and governmental services in the Town of Vernon, and will not have an adverse effect on the public health and safety.

Sincerely,

A handwritten signature in black ink, appearing to read 'Tom Fox', written over the word 'Sincerely,'.

Thomas C. Fox  
Fire Chief  
Vernon Volunteer Fire Department

Re: Vermont Public Service Board Docket No. 7862

Dear Bernie:

In reference to our prior letter dated January 21, 2008, attached, we confirm our view has not changed.

Sincerely,

*Chief Todd Capen*  
*Vernon Fire Department*
